Real market lessons tied together with optimism and practicality. Pull back the Wizard of Oz curtain to see how and why big money is made today. No reliance on government, media, or Wall Street. In this book, self-sufficiency rules the day.

In Trend Commandments, bestselling author Michael W. Covel distills the essential wisdom of trend following as an investment strategy into fascinating, bite-sized pieces that any investor can absorb. Conceptually and stylistically unique over Covel's previous books Trend Following and The Complete TurtleTrader, Trend Commandments delivers real moneymaking insights from true winners, grounded in real performance results—not squishy opinions.

Discover why this strategy keeps making big money when everyone else is dropping like a stone. Learn how to escape the cycle of “panic, fear, hope, and return-to-panic,” and how to profit in an age of financial crisis and deepening instability.

Reap the spoils when domestic and global markets crash...and find big waves to ride even when people aren’t panicking

Don’t waste time trying to predict the future...learn to think and react to what is actually happening

Decipher the ‘noise’ in a sea of competing voices...let go of ‘value,’ mutual funds, the Buffett legend, and Goldline (to name a few).

Listen to the market. It always tells the truth...and the price is the only true trading reality you can trust.
